Country

We have cause to rejoice over the victories gained at the recent elections held in Maine, Vermout, Ohio, Pennsylvania, Indiana, Nebraska and West Virginia We congratulate you upon the result of these elections.

The attempt to break down the Union Republican Party and turn fore, spread desolution and ruin over the Government over to those who so recently attempted to destroy it, for PEACE, and if elected, will enforce by a criminal use of the Elective the laws and cause liberty, justice. franchise, has failed. The sacredness freedom and peace to prevail through of the ballot box has been systematically invaded. Cumulative evidence from every quarter reaches us of fraudulent naturalization papers, illegal voting, and spurious voters, and admoishes us that "eternal vigilance is the price of liberty" and the country's safety.

Thousands of our fellow coun'ry men on a hundred battle fields, and southern prison pens, yielded up their tives in defense of our country and our liberties. Let us honor their memory, by defending the principles they sacrificed their lives to maintain, Senator John Sherman speaks at and on the 3rd day of November next, rally under the National Flag of the Union and vote for our illustrious standard bearers, - GRANT AND COL-FAX, and thus prove that we are not ungrateful-that we honor the dead the subverter of their Confederacy and respect the living, and will support and defend the brave men who in time of danger, supported and deward.

NEXT TUESDAY.

On next Tuesday, will be decided the great and important question--whether the loyal men who stred by the government through the long dark years of rebellion, shall continue their honorable position of trust or whether they shall be ignobly forced to surrender it into the hands of its enemics. Whether peace and universal prosperity shall continue to bless our land, or another rebellion ten fold more terrible than beour whole country. GRANT proclaims out this broad land, -the old Flag to be respected and every one beneath its folds to be proud of its security and protection. If on the other hand SEYMOUR should be elected, the same mob that controlled his actions during the war, would control his actionthen, and this wavering, dallying too of rioters and outlaws, would be but a reed in the storm which would sweep over the country from this threatenng element. The South with their midnight klans, and rebel hosts are looking to him as a new hope for the 'lost cause." The Charleston Mercury observes: The free government of the Unitel States has lasted only 87 years. The despotism which supercedes it may last decades.

The Columius (Ga.) Enquirer is despondent also, and says :

We must confess to much disappointment at the result of the State elections in Pennsylvania, Ohio and Indiana. The Democracy have made an energetic and gallant fight, but have not been successful.

The Knoxville Pre-s is not only disappointed, but terribly disgusted, and hits out in this vicious style :

The Ku Kins Klan and Lieuten autstreneral Forrest, late C. S. A., can thank themselves for this result. Had they possessed any sense at all, or even known how to hold their tongues, like Grant, we would have swept all three of these States.
